STANDARD PIANOS—And Piano Dealers.

WHAT HAPPENED AT OUR HOUSE.

"Molly and I and the baby" were sitting by the kitchen door the morning after the 11th. Molly said to me, "I heard from the man in the moon, and he says he is to 'The Man That Brought the Bank at Monte Carlo' for the best of the Wander from his Own Fire." I asked Molly, "What is that?" She said, "You'll never know," and sang, "Sleep, my baby, sleep."

BARTLETT'S MUSIC HOUSE.

108 N. Spring st.

SPECIAL NOTICES.

SANTA BARBARA—THE "PEACE HOUSE," 123 Anacapa st. Nicely furnished rooms with board; references given and required.

THE ARGYLE—Cor. Second and Olive. Furnished rooms.

OUT ALL NIGHT.

Denver Depositors Keeping Their Places.

Waiting for the Banks to Open.

The Run Continues and Several Institutions Close.

EXCITED CROWDS SHEDDING TEARS.

The Old German National Temporarily Suspends—Over a Million Dollars Paid to Depositors—Senator Teller's Views.

By Telegram to The Times.

DENVER, July 19.—(By the Associated Press.) The panic in this city commenced this morning with renewed vigor. As a result the old German National Bank, with a reputation for stability of twenty years' growth, and the equally reputable State National and the extremely strong People's National Bank failed this forenoon.

All night depositors stood in line in front of the German National, and by 9 o'clock there was one long sea of faces stretching down the street. At the opposite corner, where the State National has so long done business, there was also a crowd of anxious depositors. Here the people were relieved of doubt when at 9 o'clock a notice was posted on the doors that the bank would not open, owing to lack of ready cash.

At the German National, just before opening time, a notice was posted on the window stating that the doors were closed temporarily. This notice caused a distressing scene. Men and women all down the long line broke out in tears and wailing.

The run on all of the remaining banks in the city was relieved. President McNeill of the State Bank has paid out over \$300,000 in the last thirty days. He declares his assets are twice as large as the liabilities. The cashier of the German National Bank says the inability to place securities and failure to call in loans caused the suspension of his bank. There has been a constant drain on the bank for sixty days. Over \$1,000,000 has been paid out to depositors. The bank expected \$300,000 from the East this morning, but it failed to come. The bank's capital and surplus is \$500,000. It is expected to resume. The assets exceed greatly the liabilities.

The People's National Bank closed at 11 o'clock. A notice on the doors said that the stringency of the money market was too severe, and it was impossible to longer withstand the storm. The statement published on the 12th showed less than \$50,000 cash, with deposits subject to check of \$20,000. The capital of the bank is \$60,000.

Bank Examiner Adams this morning took charge of the Union National, Commercial National, the State National and the German National banks. A number of minor commercial concerns have gone under. The run on the Denver National is over, with plenty of money still in sight. The same is true at the City and all other banks which have not failed.

The run on the national banks entirely ceased by noon, and, at the closing hour, there were not half a dozen people around any of these institutions. The weak banks have all been closed, and there can be but little doubt of the soundness of the five that withstood the terrible strain yesterday and today.

J. A. Thatcher, president of the Denver National Bank, and also of the clearing-house, this evening stated that he anticipated no more failures. The banks that had kept open got through the clearing-house in good shape, and showed that they are in excellent condition for the future.

"I am confident that if the financial condition of the country brightens a little," he said, "the failed banks will all resume, and that every depositor will be paid dollar for dollar."

LEADVILLE'S FAMOUS MINES TO CLOSE at a Tremendous Loss.

LEADVILLE (Colo.) July 19.—(By the Associated Press.) Orders were received today to take out the pumps from the great Maud and Henrietta combination, whose shaft is nearly one thousand feet deep. The "pulling of the pumps" means the entire abandonment of one of the largest silver producers in the State, with prospects that the water will rise to within 300 feet of the surface.

This means that every drift and level will be flooded, entirely ruining the present workings, upon which \$1,000,000 have been expended. The flooding of the mine also means the flooding of properties lying below it. It is impossible to estimate the damage to be caused.

NOT EXCUSABLE.

Senator Teller Says the Denver Failures are Unwarranted.

DENVER, July 19.—(By the Associated Press.) Senator Teller, in an interview upon the financial situation in this city, said "There is no one reason to which the trouble can be charged. It is due partly to silver, but more to the general depression affecting the entire country. The bank failures yesterday were unwarranted, and are directly chargeable to the people, who became frightened and panic-stricken at a shadow. No banks in the United States are in better condition than those of this city."

"There is nothing less far than to blame all our ills to silver. It is much better to blame some of the unbridled silver speeches. Such unbridled lan-

guage and excited talk as the press dispatches brought while I was in the East can have nothing but the most injurious action on our case."

Senator Teller expressed the belief that the Sherman law would be repealed, but not without a substitute of greater benefit to silver. He referred to Acting Director of the Mint Preston as a "round sprig," and an "official club" leading his assistant to lay down the price of silver, and declares for a great government like this to go pottering about for a job lot of silver is contemptible and inexcusable.

MIGHT HANG HIM.

Oklahoma Financiers Keeping Open to Satisfy Depositors.

OKLAHOMA CITY (Okla.) July 19.—(By the Associated Press.) The bank of Oklahoma City, which closed its doors today, is only temporarily embarrassed, and will open tomorrow, giving certificates of deposit in lieu of cash, which leading merchants of the city will accept as cash. Liabilities are \$85,000, and assets \$170,000.

The Oklahoma Bank also closed its doors. President Stiles says the assets are abundant, and can be utilized almost immediately. The First National has withdrawn the steady withdrawal for thirty days, culminating in a free run this morning. All checks were paid as fast as three tellers could collect within a reasonable time. The money, and resident Richardson announced that they would keep open until midnight, adding that the crowd might hang him if any depositor lost a dollar.

SAN FRANCISCO BANKS.

Atty.-Gen. Hart Not Satisfied With the Pa-

SAN FRANCISCO, July 19.—(By the Associated Press.) Atty.-Gen. Hart has decided that the People's Home Savings Bank, which closed a few weeks ago, is solvent, and recommends that if the bank can make sufficient collections within a reasonable time that it should be allowed to do so.

With regard to the Pacific Bank, the Attorney-General states that the report of the bank commissioners shows that \$1,648,000 of the bank's assets are doubtful, and that he will reserve his final decision until after the meeting of the bank's directors, July 25, when they hope to show that many of these assets are good.

Send Delegates.

SAN FRANCISCO, July 19.—The committee appointed to arrange for a mass-meeting of the advocates of free coinage of silver, to be held in this city next Saturday night, July 22, met today and reported their progress. The interior counties and cities are requested to send delegates to this meeting, as delegates to the National Silver Convention to be held in Chicago August 1 will then be chosen.

A Big Coal Strike.

LONDON, July 19.—Delegates representing 248,000 coal miners of the various parts of the country met in Birmingham today to consider the proposition of mine-owners to reduce wages 25 per cent. After a lengthy debate, a resolution was adopted declaring the miners' strike to be a failure. No decision was reached on the question of a strike if the mine-owners persist in their intention to make a reduction. The strike, should one occur, would be the largest movement of the kind which has ever taken place in the United Kingdom.

A Heavy Mortgage.

NEW YORK, July 19.—The Farmers' Loan and Trust Company, as trustee, has brought suit against the D. G. Yonkers Jr. Brewery Company to foreclose a mortgage of \$1,500,000 given on the brewery property to secure bonds. A lis pendens was today filed against the property.

THE WHEAT CROP.

A Prospective Shortage Induces Hope of Better Prices.

ST. LOUIS (Mo.) July 19.—(By the Associated Press.) The Journal of Agriculture of this city, treating editorially on the condition of the present wheat crop and the probable advance in prices, says that the best American and European authorities estimate that the world's deficiency will be at least one hundred million bushels.

The most remarkable figures now place the total American crop of 1893 at about 883,000,000 bushels, which, added to the surplus carried over, will make less than 420,000,000 bushels. England will want probably 250,000,000 bushels, and the home trade needs 370,000,000.

The Journal believes that, in view of the fact that the American crop is 130,000,000 bushels short as compared with last year, and in view of the fact that the crop is grabbing up American wheat as fast as it can without attracting too much attention, the probability is that the American farmers should not sell a bushel of wheat at the present prices.

THE UNION STOCKYARDS.

Their Great Packing Establishment at Rodeo Is Closed.

SAN FRANCISCO, July 19.—(By the Associated Press.) The Union Stockyards Company, whose great meat-packing establishment is at Rodeo, Contra Costa county, this claims to have preliminary to large suits by Eastern holders of the company's bonds. The immense plant, it is said, has practically shut down. The plant cost \$1,000,000, and was started May 15.

The Howell Case.

SAN FRANCISCO, July 20.—The jury in the case of Howell, the Stockton capitalist, charged with counterfeiting, retired at 1 o'clock yesterday, and has, up to 1 a.m., been unable to agree. It is reported the jury stands equally divided.

The Election Case.

SAN DIEGO, July 19.—The taking of testimony in the suit instituted by Ex-Governor Downey for the election of Judge Holmes in 1892 has come to a conclusion today in the Superior Court. The case was ordered submitted on briefs, to be filed hereafter.

The Heath Case.

FRESNO, July 19.—Grove L. Johnson completed his closing speech on the Heath case at 5 o'clock this afternoon. He occupied nearly sixteen hours. Judge Holmes will charge the jury to-morrow morning.

DANGEROUS.

A Conflagration is Prevented at the World's Fair.

Timely Discovery of a Firetrap.

A Restraining Order is Denied Prof. Corbett.

A LOT OF NEWSPAPER PASSES STOLEN.

Arrests of Several People Made—Brazil's Handsome Headquarters Opened—Sweden to Have a Parade and Choral Festival.

By Telegram to The Times.

CHICAGO, July 19.—(By the Associated Press.) At a meeting of the National World's Fair Commission today commissioner Trumbull of Florida said he had discovered in the Agricultural building a smokestack which passed through the roof in contact with the woodwork, which was so hot that he could scarcely hold his hand on it. The building was in imminent danger of destruction by fire.

The clerk was instructed to notify the director-general at once. A committee was subsequently appointed to present the case to the director-general.

W. A. Brady, the manager for James J. Corbett, filed a bill in the Circuit Court asking an injunction restraining the World's Fair from prohibiting his show on Midway Plaisance. The court refused to issue the injunction.

Judge McConnell held that the contract between Corbett and the exposition gives the latter power to remove any show from the Plaisance deemed objectionable. This left the judge no discretion, and he promptly refused the restraining order. The matter, and Corbett will have to go.

Owing to the discovery that several thousand single admission newspaper passes to the fair had been stolen, the management this morning cancelled all of these passes, and will get out a new lot, to be exchanged for the old ones, properly issued, as fast as possible. It is not believed many persons secured admission on them before the fraud was discovered. A number of those presenting the stolen passes have been arrested, and an effort will be made to make them tell the names of persons from whom they secured them.

The weather continues all that could be desired for the World's Fair visitors; clear and cool, with a comforting breeze from the lake.

The Brazilian building, one of the handsomest of the foreign structures on the grounds, was dedicated today. Tomorrow Sweden will hold her celebration. There will be a grand choral festival in the grounds in which Swedish singing societies from all parts of the country will take part, accompanied in the parade by some fifty Swedish civil and military organizations of Chicago and other cities.

It has been officially decided by the local directory not to return to the national government the \$1,929,129 derived from the sale of souvenir coins. A majority of the directors consider that their action in voting to rescind the rule for Sunday opening and the return of the appropriation is all that is necessary in the matter.

The large statue of Columbus that stood before the main portal of the cold storage building has been donated by its owner, W. Mullins of Salem, O., to be erected upon a suitable pedestal to mark the graves of the dead firemen.

The total admissions today were 127,885, of which 88,401 were paid.

DISASTROUS FIRE.

Susanville Visited by a Fire—Two Hundred and Fifty Thousand Dollars Lost.

SUSANVILLE, July 19.—(By the Associated Press.) A disastrous fire occurred here last night, resulting in the destruction of sixty buildings, and causing a loss of about \$250,000. The fire started in an outbuilding of the Stewart House, and soon consumed the hotel. The flames then crossed the street to Cain's livery stable, which was also burned. A high wind was blowing at the time and the fire was soon beyond control.

Five entire blocks were burned, but the fire was finally stopped at the Masonic Hall, on the north side of Main street, opposite Saunders' undertaking rooms. With the exception of one restaurant, not a business house in the town is left. All stores suffered a total loss except that of Solomon, who saved about half his stock. The insurance does not amount to more than one-fourth of the loss.

A Liberty Plot.

NEW YORK, July 19.—The Columbian Liberty Bell Committee sent from Troy all articles received that could not be cast into the liberty bell to Deere & Co., plow manufacturers, of Moline, who volunteered to make a Columbian peace plow without cost to the committee. The Liberty Bell Committee now desire wood of great historical value for the wood part of the plow.

THE DEED "DONE."

Dr. Floyd's Patent Flatiron Rights Fall to Save Him.

STOCKTON, July 19.—(By the Associated Press.) "Dr. E. Floyd, who has worked the State pretty thoroughly selling flatiron rights on the authority of a bogus deed, was today found guilty of grand larceny. The jury found that he had defrauded a man out of \$100. The officers say that Floyd had faced a criminal charge fourteen times, but that he has effectively used the bogus deed in all cases but this one.

GREAT STYLE.

The Vice-President Received With Booming Cannon and Et Ceteras.

SAN FRANCISCO, July 19.—(By the Associated Press.) The Vice-President and party arrived here at 10:30 this morning on the steamer Corona from San Luis Obispo, where they were given a reception yesterday by Gov. Markham, Mayor Elliott, the Board of Supervisors and a committee of prominent citizens, on board the tug Fearless, met the Corona at the entrance to the harbor and boarded her there. A fleet of over twenty tugs escorted the Corona down the bay.

As the steamer passed the Presidio and Alcatraz Island salutes of nineteen guns were fired by the United States artillery. The Vice-President was escorted from the wharf to the Baldwin Hotel by a troop of regular cavalry and a regiment of the National Guard. This evening there was a public reception in the Mechanics' Pavilion, at which the Vice-President was presented with the freedom of the city.

Vice-President Stevenson during the afternoon made a visit of ceremony to Gov. Markham at the Palace Hotel. The Governor was very warm in his expressions of welcome on the part of the State. The Vice-President's response was graceful and cordial. Later the Governor paid a return visit to the Vice-President at the Baldwin Hotel. He was accompanied by his full staff in uniform. Official courtesies were again exchanged, and at the end of half an hour the Governor returned to his hotel.

The Vice-President was given a public reception at Mechanics' Pavilion to-night. An immense crowd was present. The distinguished guest was presented by Mayor Elliott, with a check for \$100,000, and inscribed with the freedom of the city. Many people were introduced to the visitor.

The distinguished guest was presented by Mayor Elliott, with a check for \$100,000, and inscribed with the freedom of the city. Many people were introduced to the visitor.

WAS POWERLESS.

The Camperdown Could Not Have Fled Collision.

Court-martial Continued—Admiral Markham Gives His Testimony—Discretionary Obedience to Avoid Disaster Had Been Sanctioned.

By Telegram to The Times.

VALETTA, July 19.—(By Cable and Associated Press.) Rear Admiral Markham of the Camperdown was the first witness today before the court-martial investigation in the Victoria-Camperdown disaster. His official dispatches to the Admiralty Court reporting the fact and the details of the disaster were read, and he stated that he had nothing to add to them. When the signal of Vice-Admiral Tryon was hoisted on the Victoria ordering six cable lengths distance, Rear Admiral Markham said to his flag lieutenant, "That is impossible, since it is an impracticable maneuver."

The witness said that after further consultation with the flag lieutenant, the conclusion was reached that the Victoria would ease her helm and circle round on the outside of the division, which was being led by the Camperdown. Had this assumption been founded on fact, the maneuver would have been attended by no danger. The rear admiral stated that he was cognizant of Vice Admiral Tryon's memorandum in regard to discretionary obedience of orders when strict obedience would entail disaster. When the signal flying on the Victoria was hauled down, the Camperdown was powerless to avoid collision.

Rear Admiral Markham also said that if his orders to go at full speed ahead had been obeyed the damage inflicted on the Victoria would not have been so great. When questioned as to his placing two meanings on the signal, he said the other captains of the fleet answered the signal as they interpreted it in the same way that he did. "I am sure I would have done nothing to prevent the collision after the Victoria and Camperdown had turned with their bows to each other. If I had gone astern with both screws the Edinburgh would have run me down."

The rear admiral said he had never seen the maneuver performed before. Capt. Johnstone of the Camperdown and Flag Lieutenant Bradshaw corroborated the rear admiral's testimony.

FIGHTING TRAMPS.

The Citizens of an Indiana Town Have a Little.

CHICAGO, July 19.—(By the Associated Press.) Advice have been received here of a battle between tramps and citizens near Sheffield, Ind., an out-of-the-way place, on Monday night, in which one man was killed, and two fatally wounded.

Nine tramps attacked the cabin of a fisherman, named William Time, who had had a fight with one of the tramps. A regular battle ensued, in which Al Jennings, a tramp, was killed; a callaghan, another tramp, and George Dorch, one of the citizens, were mortally wounded.

AT THE SEASHORE.

Summer Resort to Be Established by the Y.M.C.A.

An Excursion to Santa Monica to Inspect the Several Sites Offered for the Purpose—A Pleasant Outing.

At 10 o'clock yesterday morning two special cars left the Santa Fe depot, well filled with official representatives of the Young Men's Christian Association of the Ocean Park Company and their friends, prospecting a site for developing a summer resort grounded on religious principles. About sixty people from Los Angeles took advantage of the opportunity to visit the seashore and enjoy what proved a pleasant outing. They included officers and members of the Y.M.C.A., the Y.W.C.A., the Woman's Auxiliary, the W.C.T.U., and the Y.W.C.T.U., together with clergymen, members of boards of education and business men and their families.

South Santa Monica having been decided upon as possessing advantages over other locations in the way of convenience and ease of access, the directors of the Ocean Beach Company desired a personal inspection of three separate tracts of land fronting immediately on the ocean beach and with hardly a perceptible shade of superiority, one over the other before decision of choice was rendered. Hence the excursion of yesterday, and the importance of the day's proceedings.

Pasadena contributed some members to the party, including Dr. Grinnell, president, and George Taylor, general secretary, of the Y.M.C.A., and Rev. C. E. Harris, Prof. Hamilton and others; and the Santa Monica delegation was captained by Rev. F. J. Culver. It also comprised the Rev. D. Brown, superintendent-elect of Los Angeles schools, E. J. Vawter and R. R. Harris of the Santa Monica City Council, and a host of active business men of prominence, with the pleasing addition of many ladies. The Los Angeles contingent was chaperoned by Charles E. Day, president of the Ocean Park Association. Nothing escaped him, that could contribute to the jollity or interest of the excursion.

Arriving at South Santa Monica, the pavilion that fronts the depot was soon thronged with a happy crowd with lunchbaskets, and the directors of the association resolved themselves into a pivot around which revolved the entire body of those who had come to see and aid in the decision. A brief tour of investigation was instituted, and men, women and children waded shoe-deep in sand dunes through the sun and pronounced the day "glorious" as the fresh salt air swept up from the sea and freshened their faces. On each proposed site the crowd camped in noisy group and discussed the pros and cons of its advantages in every possible bearing, to which adjournment was made to the pavilion, where an equally noisy discussion took place around the lunchbaskets. It was a capital luncheon, provided by the ladies, and the meager remnants left were proof of the relish with which it was enjoyed.

The early afternoon was devoted to a canvass of the question in hand. Various speeches were made bearing upon the matter. Messrs. Abbott Kinney and F. G. Ryan have offered to donate to the association desirable land fronting broadly on the ocean and extending to the railroad right-of-way, the offer being conditional upon the company's placing thereon certain buildings in a stipulated time. A considerable area secured thus, lying scarcely more than three-quarters of a mile from the Arcadia Hotel at Santa Monica, and bordering directly upon the Santa Fe line. The beach is clean, gently sloping and delightful for bathing. Across the Santa Fe track from the tract is the already erected pavilion at the edge of a large eucalyptus grove, affording a fine resort for picnic purposes. The plan proposed by the Ocean Park Association is to at once construct a fine bath house, the designs for which are already prepared. It is intended that the building, as erected, and which are eventually to include a handsome auditorium, shall fully equal in convenience, beauty and advantages, any on the coast. The use of the bathrooms will be offered to all members of the Y.M.C.A. in Southern California under favorable conditions, it is a matter of utmost importance that the selection of a site be considered carefully before any decision is attempted. It is understood that in addition to the generous offer of Messrs. Kinney and Ryan, there are also other tracts upon which the board of directors is expected to pass judgment. It should be mentioned that the Messrs. Vawter offer to donate valuable lots to the amount of \$10,000, provided such a tract of the Kinney and Ryan offer is accepted as meets their approval.

Rev. Mr. Culver welcomed the excursionists of the day to Santa Monica, and welcomed them with pleasantness, said, because he felt that they had come for a purpose, to plant something that should counteract the sin and iniquity that seem everywhere so prevalent in places where God's holy Sabbath is desecrated. Here the Sabbath will be kept sacred, he followed by Prof. Hamilton, who alluded wittily to a little cottage of which he had been dreaming at Long Beach, but someone had told him that in eighteen months he could cover one of these sand dunes with verdure and make it a veritable park, and now he felt like suggesting that they should preempt the

entire tract back of the depot and back up this association. Someone laughingly reminded him that the sand dunes had quite a crop of posts already, and they had not leaved out much yet. Superintendent-elect Brown was a resident of Santa Monica, was glad indeed to know that they were to be favored with such an organization as the Y.M.C.A. He referred to the educational advantages that would accrue; the long train of lectures and the impetus that would be given to educational pursuits. Rev. Mr. Harris's impromptu speech, while in excellent vein, was such as to touch the risibilities of those present, and he kept the company in continuous laughter. He favored the idea of the Y.M.C.A. coming, and although he had never had any experience in making parks out of sandhills, he felt at the moment rash enough to pledge himself to take one share. Mr. Field of Los Angeles made an amusing speech, and then, laying pleasantly aside, he touched upon the importance of the work of locating this institution, and of the advantages it would offer to young men, who would here be under good influences and removed from many of the temptations that are pitfalls. He believed the decision of the day was best, and he hoped the company would for Christian people. The railroads have been offering to people premiums to travel on the Santa Fe, and he was happy to say that one of the officials in the city of Los Angeles had just said that they realized the fact that they should cater largely upon the best classes for their patronage, and would give Christian travelers as good rates as anybody.

President Day's speeches were of the most impromptu kind and frequent, but they were very brief, and he was always heard with laughter. Pledges for shares were called for, and 165 were taken on the spot. Committees were appointed to take subscriptions in Los Angeles, Pasadena and Santa Monica; the Committee on Location reported; a vote of thanks was tendered K. H. Wade of the Santa Fe for courtesy in carrying the excursion to and from the sea; and after an almost unanimous vote expressing preference for the tract lying directly between the sea and the depot, the company boarded the train for Santa Monica, to pass the remainder of the day. No decision will be made until tomorrow, but it is probable that other parties whose hands are now under consideration.

BASEBALL.

Vanderbeck May Again Take Charge of the Angels.

It is not beyond the range of possibilities that the Los Angeles baseball team will close the season under the management of G. A. Vanderbeck, the man who made league baseball in Los Angeles a success the first season that the city had a club. Mr. Vanderbeck demonstrated beyond the shadow of a doubt that properly managed baseball would pay. When he was dropped and the franchise taken from him he said nothing, but "sawed wood," and now it is believed that he can have the team pretty much any terms that he desires.

Mr. Vanderbeck is now in the East, where he was called by the dangerous illness of his mother, who has since died, and was in New York when the change in the management of the Los Angeles club took place. It is learned on good authority that a proposition was wired him to purchase the team, in fact, that the electric railroad company, who are the owners, would be most happy to talk business. It is not known how the proposition was received, nor can anything definite be stated until Mr. Vanderbeck's return, which will probably be very shortly. With Vanderbeck again at the head of the Los Angeles team, there would doubtless be a revival of interest in baseball in this section, which would be very gratifying to the fans as well as the managers.

One rounded teaspoonful of Cleveland's Baking Powder does more and better work than a heaping teaspoonful of others. A large saving on a year's bakings.

FIRST-CLASS work

At moderate prices.

We respectfully solicit investigation of our methods and prices.

Ladies, Make a Note of This:

—On small sizes of Ladies' Shoes, Nos. 2, 2 1/2 and 3, for example, the fine makes, such as Laird, Schöber & Mitchell and others, have been reduced 50 per cent. The present selling price is just one-half what it was formerly.

Do you think it will pay you to put off buying?

Buyers of Shoes Know Now

—THAT A—

"Dissolution Sale"

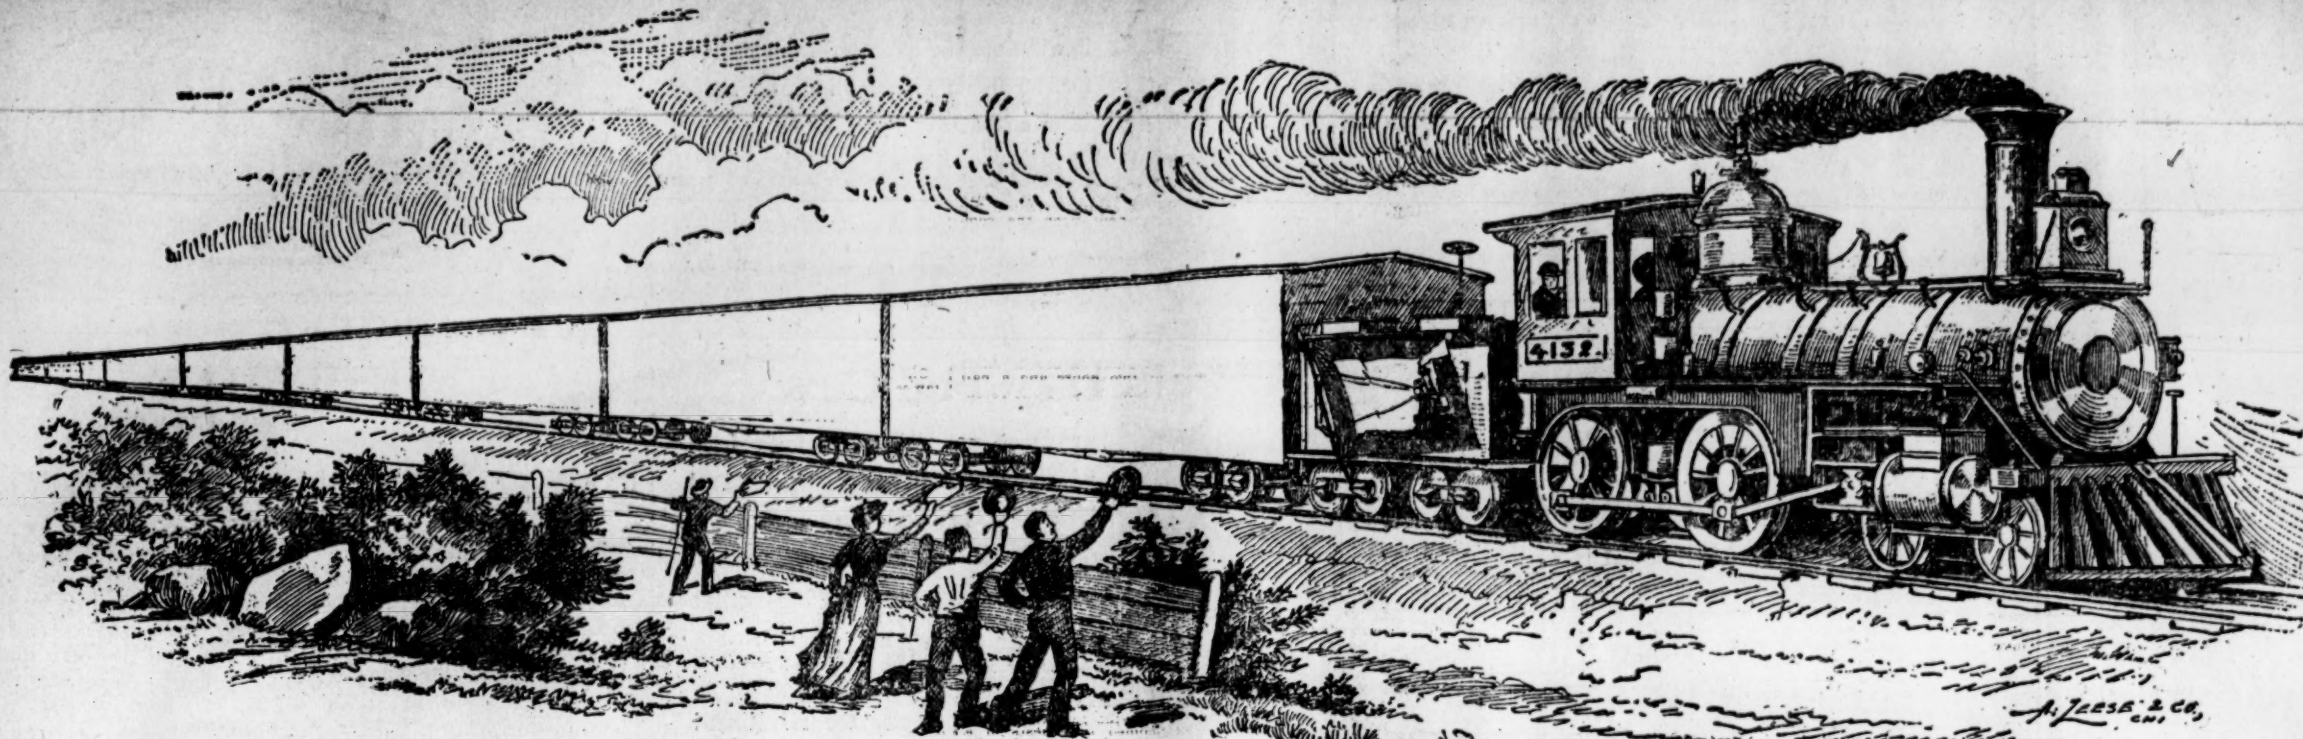

When advertised by such a house as

Gibson & Tyler

Means something, and it is not merely an advertising dodge to get people into the store. Have YOU ever seen the same kind of goods offered for as little money? You never have, and it is not likely you ever will again—certainly not very soon.

The Stock is Large

—And embraces all sizes—widths and shapes. To get bargains you are not obliged to put up with a poor fit. Later on it may not be possible to fit everybody in just the shoe they want, but it is now. It will be a great mistake not to buy now while the assortment is full.

J. M. HALE & CO.,

Ho for Santa Monica! Grand Excursion!

FREE! FREE!! FREE!!!

To each purchaser of \$2.50 worth of goods at our stores during the next eight days, commencing today, Thursday, July 20, we will present free of charge a ticket to Santa Monica Wharf and return, good only on Saturday, July 29, upon which date the Southern Pacific Railroad Company will run trains to their Mammoth Wharf at Port Los Angeles, making this a gala day at this the most popular seaside resort in Southern California. Come one, come all and enjoy a day's outing and fishing at our expense. We have chartered a special train for this excursion, no one allowed on board except those holding our tickets. This insures a seat to all. Train leaves Los Angeles 9:20 a.m.; returning leave Santa Monica about 4 p.m.

J. M. HALE & CO.,

107-109 North Spring Street.

THE PUBLIC HEALTH.

Rules Now Being Sent Out to Registered Physicians.

Stringent Regulations in Regard to Contagious and Infectious Diseases—The Birth and Death Record.

Printed copies of the rules of the Board of Health in reference to births, deaths and contagious and infectious diseases are being circulated by the health department. Copies of these rules are being mailed to each of the physicians who have registered at the health office as required by a recently passed ordinance.

The rules follow:
Section 1. Every physician or midwife in the city of Los Angeles shall report in writing to the Health Officer, on or before the first of each month, all births occurring in his or her practice during the previous month.

Sec. 2. Every physician shall sign a certificate of death of any person whom he may have the care of, at the time of death, as attending physician, giving the date of attendance and cause of death. No certificate of death shall be accepted by the Board of Health signed by any person who is not a legalized physician of the State of California; and all certificates signed by such illegal practitioners shall be by the Health Officer referred to the Coroner for investigation. No certificate giving heart failure, insolvency of the heart, or dropsy, as the cause of death, shall be accepted by the Board of Health.

Sec. 3. Every undertaker shall report to the Health Officer, giving the name, age, nativity, date of death, number of street, condition of life whether married or single, sex, occupation, time of residence in the county, place and date of interment, on or before the fifth day from the date of death, or the day his services are accepted to perform the duties of undertaker.

Sec. 4. Every physician shall report to the Health Officer every patient he may have within the city limits, affected with Asiatic cholera, typhus, yellow fever, smallpox, scarlet fever, diphtheria, typhoid fever, glanders and leprosy.

Sec. 5. Every person within the city limits sick of Asiatic cholera, typhus, yellow fever or smallpox, may, after satisfactory diagnosis has been established, be removed to the city hospital provided by the city for such patients, or quarantined on the premises where found; in the latter case the Health Officer shall quarantine said patient and the premises upon which said patient may reside, for five weeks or more, at the discretion of the Board of Health, causing the erection thereupon, in a conspicuous place of said premises, a black flag for Asiatic cholera, and a yellow flag for smallpox, typhus and yellow fever, and at the same time place a card, setting forth the fact, on the door of the building in which the person sick of the disease may reside.

Sec. 6. Whenever any person sick with scarlet fever is reported to the Health Officer, on proving the existence of the disease, he shall cause to be posted in a conspicuous place of the infected house, a red placard setting forth the fact, the same to remain thirty days or more, at the discretion of the Health Officer, from the time said person was first taken sick of the disease, until after the premises have been thoroughly disinfected under the supervision of the Health Officer.

Sec. 7. Whenever any person sick with diphtheria is reported to the Health Officer, on proving the existence of the disease, he shall cause to be posted in a conspicuous place of the infected house a green placard setting forth the fact, the same to remain ten days after the recovery or removal of said person, and until after the premises have been thoroughly disinfected under the supervision of the Health Officer.

Sec. 8. No person shall, without a per-

mit from the Health Officer, carry or remove from one building to another, or through any railroad depot to any house, or through any public streets, any person sick of any contagious or infectious disease.

Any person having an infectious disease in his house, or on or about his premises, shall, immediately after the convalescence or removal of the person affected therewith, disinfect, cleanse and purify said house, or premises, under the supervision of the Health Officer.

Sec. 9. All books belonging to the public library of the city of Los Angeles, coming from premises infected by any infectious or contagious disease, shall be disinfected under the supervision of the Health Officer before being returned to the public library.

The Health Officer shall report in writing to the Board of Health the name and residence of each person affected with any infectious or contagious disease. The librarian, upon receipt of information from the Health Officer of any infectious or contagious disease existing in a house, shall refuse to issue books from the public library to any person residing in such house until after the Health Officer has declared said house thoroughly disinfected.

MIDWINTER FAIR.

Preliminary Steps to Secure Representation.
A joint meeting was held at the Chamber of Commerce yesterday of the committees appointed by the Board of Supervisors and the chamber to take measures for co-operating to insure the success of the Midwinter Fair at San Francisco.

There were present Charles Forman, T. D. Stimson, E. F. C. Klokke, A. E. Pomeroy and Charles Silent. Mr. Forman presided and Secretary Willard of the chamber acted as secretary.

The question of the best means of making preparations for the fair was discussed by the gentlemen present.

The prevailing sentiment was that all arrangements should be made so that as soon as San Francisco started out on the project Southern California should be ready to fall into line.

Messrs. Klokke and Silent were appointed as a committee to prepare a circular to be sent to boards of supervisors, boards of trade and chambers of commerce throughout the southern portion of the State.

The circular is to be in the form of a request that a delegate be sent from each of such bodies to a convention to be held at the Chamber of Commerce on the 20th inst.

At time further arrangements will be made for assisting in the scheme.

Order to Show Cause.
IN THE SUPERIOR COURT OF THE county of Los Angeles, state of California. In the matter of the estate of B. Cohn, deceased. No. 11,719. Order to show cause why order of sale of real estate should not be made.

It appearing to the said court, by the petition this day presented and filed by Julius B. Cohn, the administrator of the estate of B. Cohn, deceased, praying for an order for sale of real estate, that it is necessary to sell that certain lot of land on the easterly side of Main street, in the city of Los Angeles, county of Los Angeles, state of California, on which now stands the brick house formerly occupied by T. D. Mott and family, the southern line of said lot being the outside and southerly line of the southerly wall of said house and the extension easterly and westerly; the westerly line being the easterly line of Main street, the northerly line being the dividing line between the property formerly of Bishop T. Amat and one Signoret. The easterly line being the easterly line of said property formerly belonging to Signoret and dividing it from property formerly of said Amat; the said lot being about a parallelogram of 45 feet front by 165 feet in depth. Said property being the property occupied by B. Cohn as a residence at the time of his death.

It is therefore ordered by said court that all persons interested in the estate of said deceased appear before department two of said court, Tuesday, August 1, 1893, at 10 o'clock in the forenoon of said day, at the courtroom of said court, at the courthouse in the city of Los Angeles, county of Los Angeles, state of California, and show cause why an order should not be granted to the said administrator to sell so much of the real estate of said deceased as is necessary, and published in said court, Tuesday, August 1, 1893, in said county.

Dated July 8, 1893.
LUCIEN SHAW,
Judge of said court.

Mantels, tiles, office fittings, hardwood lumber. H. Bohrmann, 514 S. Spring.

We are on top. Camp Wilson is twice as high as the Catskills.

"The Unique" kid-glove house.

The Southern California Editorial Association has endorsed the midwinter fair.

There are undelivered telegrams at the Western Union telegraph company's office for W. R. Boddy, G. W. E. Griffith and Ludwig Bressel.

Subscriptions for the Irrigation Congress were recently made by the Chamber of Commerce yesterday.

They were: Hollenbeck, \$35; Nadeau, \$15; and St. Elmo, \$5.

Lewis S. Thorpe, for the past year teacher in the Berkeley University, leaves this week for Oakland. He goes to accept a position in the Oakland High School as teacher of chemistry.

A party of hotel men are stopping at the Hollenbeck. They are A. F. Kinsler of the California, San Francisco; W. E. Hantley, Hotel Horton, and Stewart Kennedy, Hotel Florence, San Diego; C. T. Hege, Terracina, Redlands; P. J. Crank, hotels Rose and Anacapa, Ventura, and Charles A. Rossan of the Hotel Coronado.

Fred S. Walker, of No. 214 East Third street, was hurt yesterday morning while engaged at lathing in a restaurant on West Second street, where some improvements are being made. He fell from a scaffold, fracturing his left leg. He was attended at the receiving hospital by Police Surgeon Bryant, and afterward removed to his home.

PERSONALS.

Baron Boyer of Paris is stopping at the Nadeau.

Mr. and Mrs. C. Henry of Monrovia are in the city.

F. S. Granger and wife of Denver are at the Hollenbeck.

Rev. M. C. Sanders of India is registered at the Hollenbeck.

Senator Stephen M. White returned from San Diego last night.

Gen. James S. Clarkson, ex-first assistant postmaster-general, will arrive in the city next Saturday and remain until the following Tuesday. A lunch and reception will probably be tendered him by the Republican Central Committee.

Senator Peffer of Kansas passed through the city yesterday on his way to China, and will stop over on his return. The Senator is a member of the Senate Committee on Agriculture, and is looking up the industries of the country.

Highest of all in Leavening Power.—U. S. Gov't Report.

Baking Powder

ABSOLUTELY PURE

CHAUTAUQUA.

A Second Full Day's Work Accomplished.

The Long Beach Assembly settled into Earnest Routine—Jahu de Witt Miller Discusses Americanism—Increasing Interest.

With an increasing attendance at the Long Beach Chautauqua the local management is justifiably congratulating itself over the assurance of a success this year which paints bright colors over the prospects of the future.

The devotional hour Wednesday morning, led by E. O. McIntire, developed a good attendance and excellent interest.

At 9 o'clock Dr. C. F. Kent continued his study of Old Testament literature, the "Mission of Amos" being the particular topic under discussion.

At 10 o'clock Prof. Anderson continued his studies of "American Literature," with a large and interested class.

At the same hour the school of art met with Mrs. Garden-MacLeod at the schoolhouse. The school of elocution and physical culture was given to students requiring its division, and met at 11 o'clock.

The closing morning hour also found many interested students with Prof. Kent at the Presbyterian Church, studying the conchology of the Pacific Slope.

It found the usual overflow at the corner of Third and Pine streets, taking notes upon the practical cooking topics under demonstration by Miss Whitaker and her assistant, Mrs. M. B. Cooper of San Mateo county.

The chorus practice at the tabernacle, also at this hour, led by Prof. O. Stewart Taylor, was very successful.

The first individual meeting of the day was at 2:30, when Capt. E. Kelso Carter delivered the second of his scientific lectures upon the Biblical account of the creation, treated under the title of "The Science of Paradise Regained." The address was supplemental of that of the day before, and, taking up the interest with the topic at the point where he left it, he fully sustained his reputation for concise statement, incisive reasoning and scientific logical conclusions.

Prof. Miller led the round table, briefly discussing Journalism, especially French and English. The former, he is in demand and providing the latter, dignified, decent and dull. He also answered, plithily and pointedly, between forty and fifty questions covering altogether too wide a range of topics for individual mention.

When Prof. Miller arose to talk of "The Stranger Within Our Gates," at the evening session, he saw but few chair backs that had not individuals in front of them. The musical prelude consisted of voices by Miss Marie Park, winning the usual encore. Dr. S. H. Weller offered prayer, and then platform and audience were surrendered to the lecture by Miss Marie Park.

The lecture by Mrs. Weller, which was in hand for an hour and a half. With the prominent thought running through this lecture his hearers were in enthusiastic accord; that the strangers within our gates should become thoroughly American or move on. America for Americans, native and foreign, but thoroughly American in any case.

NOTES.
The forenoon chorus practice today (Thursday) was by male voices.

The first day's receipts of the 1895 Chautauqua Assembly reached a sum \$200 in excess of those of a year ago, while the increasing attendance has been the alluring satisfaction. Prof. Miller has helped interest and finance by his attractive powers upon the platform.

The special train for Long Beach this Thursday, evening will go down over the Southern Pacific, starting at 6 o'clock.

Rev. A. G. Frost of San Bernardino is a conspicuous figure at the assembly and the beach. Nature, supported by good health, has so provided that Mr. Frost's voice, that three hundred pounds of well proportioned avoirdupois, among people of average figure, can be nothing less than reasonably conspicuous.

Jahu de Witt Miller, whose happy combinations of words, clothing bright ideas in purple and fine linen, have filled other tabernacles and charmed his audiences, is a bachelor, with a practical newspaper training, and a capacity for omnivorous observation. His lecture engagements not infrequently keep him from home for six months at a time.

The place upon the programme for Miss Alfrey's forenoon class in elocution and physical culture has been changed from the original announcement. Her hour is 11 in the forenoon instead of 10.

The special trains show slightly increased patronage, but up to date in this feature the enterprise of the roads exceeds the enthusiasm of the general public.

This, Thursday, evening will be the occasion of Prof. Miller's last lecture.

TODAY'S PROGRAMME.
8:00 a.m.—Devotional hour, led by Rev. B. C. Corey.

9:00 a.m.—Normal Bible class, Dr. Charles F. Kent, subject, "Message of Amos."

10:00 a.m.—American literature, Prof. M. B. Anderson; school of art.

11:30 a.m.—Conchology; school of elocution and physical culture; school of cooking; chorus of male voices.

2:30 p.m.—Lecture, "The Problem of the Book of Job," Dr. Charles F. Kent, Chicago University.

5:00 p.m.—Round Table, "Socialism of Moses."

7:00 p.m.—Prelude; lecture, "Love, Courtship and Marriage," Jahu de Witt Miller.

DR. G. DEL AMO, Consul of Spain, has removed to his new office, Wells-Fargo building, corner Third and Main streets, room 2. Office hours, 2 to 4 p.m.

READY-MADE MUSTARD PLASTERS.
We were the first manufacturers on this continent. Our latest improvement surpasses anything ever before produced. Price, 25c. each. Be sure to have SEABURY'S. Ask for them spread on cotton cloth.

SEABURY'S SULPHUR CANDLES.
Prevention is better than cure, by burning these candles in bedrooms, closets, etc., are destroyed, and the contagious diseases are kept away; also useful for expelling mosquitoes and irritating insects. Price, 25c. each.

To purify sick-rooms, apartments, etc., use HYDRONAPHTHOL PASTILLES, which in burning, disinfect and produce a fragrant refreshing and invigorating. 25c. per box of 12. Sole Manufacturers.

SEABURY & JOHNSON, Pharmacopoeists, NEW YORK.

COOL AND BREEZY CORONADO.

The Santa Fe has arranged for another of their popular \$2.50 excursions for next Saturday, good to return Sunday, with the privilege of a longer stay at 75 cents per day additional. This gives all a rare opportunity to visit the famous Hotel del Coronado, where the grand ball Saturday evening, sacred concert on Sunday, and a host of other in and out-door amusements combine to make up a glorious time for all participants. Hotel rates \$2.00 per day, including transportation from depot to hotel by street car, ferry and steam motor. Decide promptly and go to Coronado.

HOTEL METROPOLE, CATALINA ISLAND.
Enlarged, American and European plan, fine orchestra, fishing, boating, bathing. For rates, apply to J. J. MARTIN, manager, or 120 West Second street, Los Angeles.

A Sick Cow

is what may be expected from refuse-nourishment; vile stabling and water from miasmatic "ponds."

A Sick Baby

is the result of a sick cow's milk—now known to be an active agent for distributing disease.

A Well, Hay-Fed Cow

produces the rich, pure milk from which Highland Evaporated Cream is made. Sweetness, air, pure food and water—are all furnished our cows.

A Fat, Happy Baby

is the result of using the Highland Brand, made from hay-fed cows. Take no cheap substitute.

Send name and address for "Dainty Dishes" and Babies Food pamphlet.

COOK & LANGLEY STORAGE COMPANY, Southern California Agents.

Extra Bargains

B. R. Brown & Son, Agts., Bowers Rubber Company, 328 S. SPRING ST.

A. W. SWANFELDT,

AWNINGS AND COTTON DUCK.

27 South Main st. Tel. 1105.

Dr. Wong Fay's Benevolent Dispensary.

227 S. Main street.
Dr. Wong Fay, from youth being of a sympathetic nature, early secured the services of eminent instructors in the science and art of healing. He is therefore well versed in all phases of internal and external disease; chronic complaints and all kinds of difficult cases readily yield to his skill. Having opened this dispensary, all attending patients will only be charged a nominal price for medicines supplied.

All who are afflicted are respectfully requested to come to this dispensary, where the doctor's best skill and attention will be given to secure effective recovery.

Attention Syndicates & Colonists.

DR. E. T. BARBER
Now offers for sale the East Side Ranch, comprising 25,000 acres of valley land located in the watered or eastern portion of Antelope Valley, Los Angeles county, Cal. This land is on three sides of the John Brown Colony Co. and will be sold in tracts to suit from \$10 to \$25 per acre. The terms are liberal and the title guaranteed. For maps and particulars inquire of or address the owner, Dr. E. T. BARBER, East Side Ranch, Lancaster P. O., Los Angeles county, Cal. Also an undivided unincumbered interest in Point Pinos, containing 700 acres. This land includes the water front of the deep-water harbor at San Pedro.

WEDNESDAY, THURSDAY, FRIDAY, Pushing Out Bargains.

THE list of articles that you find enumerated below are all at prices that render them double bargains. You will note our activity and eagerness for trade when we cut prices as you see them during these three days. We have center tables in every aisle of our store, and they are loaded with goods at prices that will not permit you to pass them by. We are pushing to do all the trade we possibly can. The question of profit does not enter into it. During the months of July and August we are willing to exchange our goods for coin at actual loss to the house, in order to transact the volume of business, and to keep our clerks busy. There is no concern in Southern California that can, or will, sell you goods at the prices that we quote today. We cannot guarantee to have all these goods in stock any later than Wednesday; we have ample to supply all for that day. Thursday and Friday's customers will have to take what is left.
